Student Spotlight

This month, we proudly celebrate Mustafa for reaching a wonderful milestone! He has gained remarkable confidence in public speaking and now shines as the school's young broadcaster, sharing announcements with enthusiasm and charm. Keep shining, Mustafa!

Academic Spotlight

World Clean Up Day!!

The whole school enthusiastically participated in Clean-Up Day — our preschoolers tidied up their classrooms and toys, while our elementary students took the initiative outdoors with an exciting and meaningful Scavenger Hunt Game. They were divided into two spirited teams: Eco Warriors, led by Noor Zehra and dressed in green, and Nature Nurturers, led by Mustafa and dressed in blue.

The rules were simple yet impactful—students picked up the trash scattered around the school and handed it over to their team captain, who carefully collected it in a trash bag. Once full, the captains emptied their bags into their team's allotted colored trash box—green for Eco Warriors and blue for Nature Nurturers.

The challenge was not just about winning but about learning the importance of teamwork, responsibility, and keeping our environment clean. The team that collected the most trash was declared the winner, but in the end, everyone was a true champion of cleanliness and care for nature.

Sensory Science Fun – Oobleck Experiment!

Our curious little scientists in Playgroup had a blast exploring the fascinating Oobleck experiment! Mixing cornstarch and water, they discovered a substance that's both solid and liquid — squishy, gooey, and oh-so-fun to touch! This hands-on activity sparked curiosity and laughter as children learned through play and sensory exploration.

SEPTEMBER EVENTS

Defense Day

September 15th, 2025

Our School observed Defense Day to honor the sacrifices of our armed forces. Students participated with patriotic songs and activities that instilled pride and love for Pakistan.

World Clean Up Day

September 19th, 2025

Together, we took a step towards building a cleaner, greener, and healthier world.

Grandparents Day

September 26, 2025

A day filled with giggles, hugs, and happy moments! Our preschool celebrated Grandparents Day with exciting activities that brought generations together.

Grand Parents Day

The event was filled with joy, laughter, and precious moments as grandparents joined their grandchildren in a day dedicated to love and family. All our dear grandparents attended and participated enthusiastically in the planned activities. The celebration featured several exciting stations, including a Lovely Notes Station, where children expressed their affection through handwritten messages; a Games Station, that brought smiles and laughter to everyone; and a Painting Station, where grandparents and grandchildren created beautiful artwork together.

A special highlight of the day was the music session, where everyone sang, danced, and enjoyed a lively time together. The grandparents also shared heart-touching stories and fond memories with the students, creating a beautiful atmosphere of connection between generations.

Monthly Highlights

DON'T MISS OUT – CATCH ALL OUR OCTOBER MOMENTS ON SOCIAL MEDIA!

✳ **Teachers Day**
October 2, 2025

We're getting ready to honor our wonderful teachers on Teachers' Day! .

✳ **World Food Day**
October 21, 2025

Students will celebrate World Food Day with fun activities promoting healthy eating and the joy of sharing.

Activity Corner

Dodging into Fun!

Our elementary students were thrilled to learn a new game in sports class – Dodgeball! Under the guidance of Sir Sanjay, they practiced teamwork, agility, and quick reflexes. The highlight of the day was a friendly match where laughter, energy, and excitement filled the playground.

Elementary Goes Shopping – A Day at Fresh Basket!

As part of their STEAM learning experience, our elementary students took an exciting trip to a local grocery store! The visit turned into a hands-on lesson in math, science, and economics as students explored how items are organized, compared prices, learned about budgeting, and discovered where their favorite foods come from. They enjoyed identifying fruits, vegetables, and packaged goods, observing how different departments work together, and even practicing money-handling skills while making small purchases. It was a fun-filled, educational outing that helped students connect classroom concepts with real-world experiences—turning a simple shopping trip into a meaningful learning adventure!
